

2024 Botball Period 2 Documentation Rubric Mechanical Video and Code Review		Team name
		Team #
(If an item marked as Required is not met, the submission will not be graded)		Points
Submission Requirements		
	Video is uploaded to Youtube or another link has been provided. The submitted video and code must be original work completed solely by students on the submitting team. The submitted file must be original work completed solely by students on the submitting team. The submitted file CANNOT be a duplicate of the mechanical video or code for other teams at your school or within your organization! The robots must be running on or scoring on the 2024 game table and cannot be the demo-bot.	Required Required Required Required Required
Mechanical		
	Video is at least 2 minutes and no longer than 5 minutes.	5
Introduction	The team name and number are included in the video. Clear images of the robot being reviewed.	5 10
Design/Strategy	Explain the overall strategy/goals for what the robot will do. Outline what the different effectors on the robot are and how they will be used to accomplish the strategy. Choose an effector on the robot and explain how it was designed.	10 10 10
Testing	How well did the effector/robot work? Explain how the effector was tested or what testing was done in its design. Explain what improvements could be made to the effector based on your testing.	5 10 10
Code		
	Upload code to Github or submit a file including the code in the submission if you cannot upload to Github. The code must have effective use of white space and commenting to make it easy to understand. If submitting on Github, the repository must be public or shared with the KIPR-Submissions Github account.	20 5 Required
